Confederated Tribes of the Umatilla Indian Reservation
Confederated Tribes of Warm Springs Reservation
Nez Perce Tribe
Washington Department of Archaeology and Historic Preservation
U.S Forest Service National Scenic Area Office
Klickitat County Planning & Building Departments
Friends of the Columbia Gorge

FROM: Jennifer Ball Kaden, Planner, Columbia River Gorge Commission

DATE: February 2, 2011

SUBJECT: Updated Site Plan for Land Use Application C09-0009 for the Washington Parks and Recreation Dept., Klickitat County, Washington (Doug’s Beach State Park)

Enclosed for your information please find an updated site plan dated January 2011 for the approved application by Washington State Parks Department to replace the existing portable toilets at Doug’s Beach State Park with a 15’ x 12’ permanent restroom structure. The subject parcel is located along SR 14 approximately 2 miles east of Lyle, in the NW 1/4 of Section 7, Township 2 North, Range 13 East, W.M., in Klickitat County, Washington.

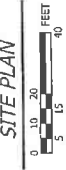

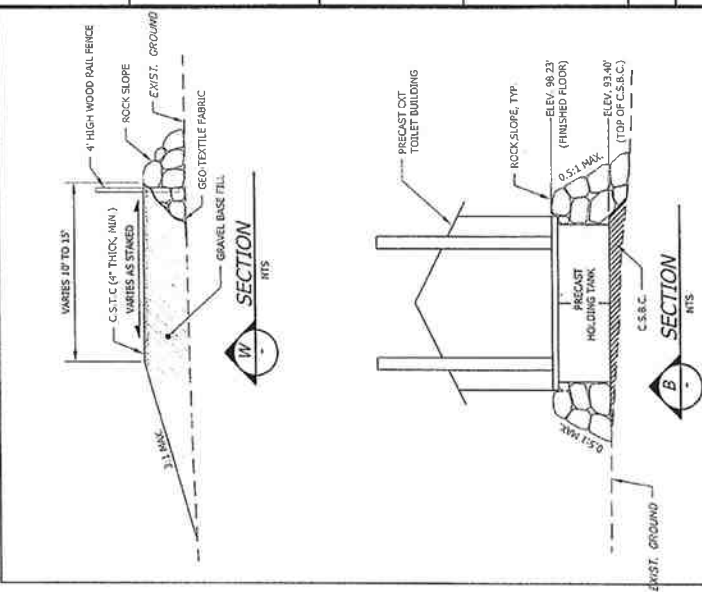

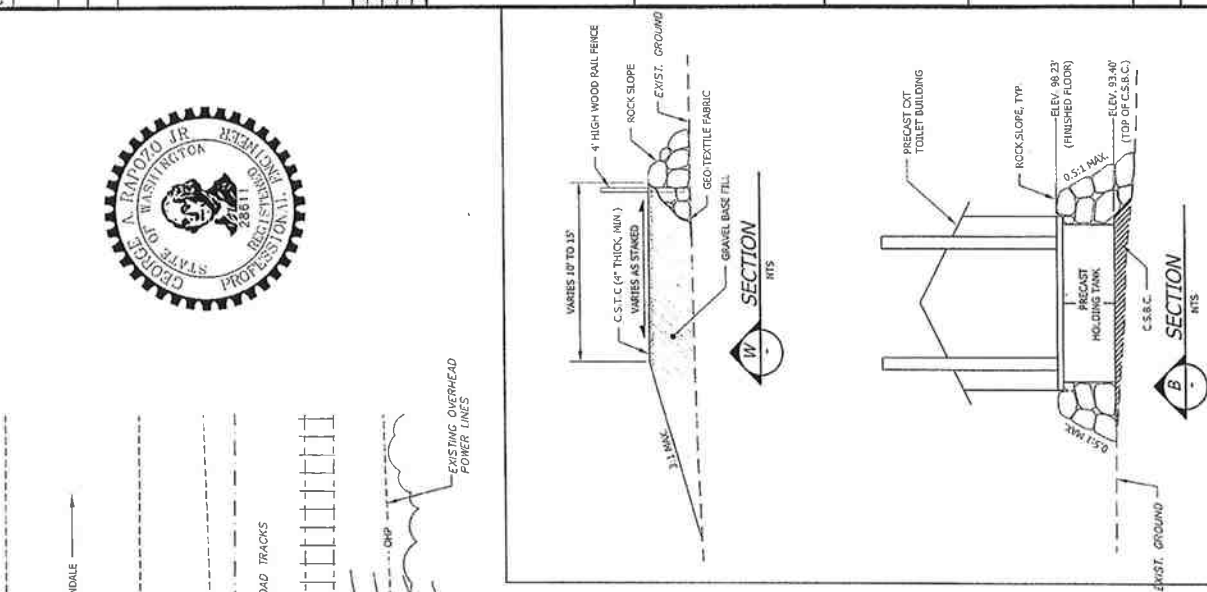

This updated site plan provides additional detail for the planned restroom facility and access to it. Staff has reviewed the updated site plan and, in consultation with the Washington State Parks archaeologist Lisa Kelly and Gorge Commission/USFS archaeologist Marge Dryden, determined that the additional detail included in the construction drawings is consistent with the findings, conclusions, and conditions included in Director’s Decision C09-0009. The updated site plan is consistent with the archaeological survey conducted for this project and the cultural resources mitigation plan for this project. No new archaeological work is necessary as a result of the additional detail provided in the construction drawings.

The updated site plan is provided for your information. If you have any questions, please contact me by phone at (509) 493-3323 ext. 227 or by email at kaden@gorgecommission.org.
