### **Before the Webinar**

- Make sure you have access to good phone and internet lines and are in a quiet space.
- If you are connecting from a laptop, try to plug into wall power because battery can adversely affect video quality.
- Call/sign into the webinar at least 15 minutes before the webinar is set to begin to allow time to troubleshoot and resolve any potential issues with equipment (audio/video). This will limit distractions to you and others.
- Please disable audible notifications on your equipment as these notifications will be heard while you are unmuted.
- Zoom Q&A and Zoom Chat will not be available.

*If for some reason the Zoom Webinar is not working properly, we will have everyone leave the webinar and join again by calling into the audio-only platform using the telephone numbers provided in the registration email.*
