

Public Comment Guidance

Public Comment - Items Not on the Agenda

This is the time for anyone wishing to provide comment on items not on the Agenda. Please use the “raise hand” function so that I may compile a list of those wishing to comment. Once the list is compiled, I will call on you one at a time, and I will use the “lower hand” function to remove you from the list.

The Commission has decided to allow those wishing to comment to be viewed if you so choose. When I call your name and unmute your microphone, please indicate if you would like to be viewed while providing your comment. If you choose to be viewed, I will temporarily switch your status from “attendee” to “panelist.” This switch causes a slight delay before it takes effect, so please wait a few seconds, turn on your video and you may begin providing comment. When you are finished, I will switch you from “panelist” status to “attendee” status.

For those who do not wish to be viewed, I will unmute your microphone and you may begin with your public comment.

Audio Only Attendees: Registered attendees using audio only and wishing to comment on a specific item are asked to email the request to: Connie.Acker@gorgecommission.org.

Please remember to adhere to the 3-minute public comment rule outlined in the Agenda.

Public Comment - Land Use

The Commission received one written comment from the Friends of the Columbia Gorge.

This is the time for anyone wishing to provide comment on the Land Use topic on the Agenda. Please use the “raise hand” function so that I may compile a list of those wishing to comment. Once the list is compiled, I will call on you one at a time, and I will use the “lower hand” function to remove you from the list.
