

Krystyna,

Please accept the following minor comments on the draft revised Management Plan for the Columbia River Gorge National Scenic Area.

- 1) In the section titled "SPECIAL USES IN HISTORIC BUILDINGS", starting on page 369, here is the definition of historic buildings:

"5. For the purposes of the guidelines in this section, the term "historic buildings" refers to buildings either on or eligible for the National Register of Historic Places. Eligibility for the National Register shall be determined pursuant to Cultural Resources Guideline 1 of "Additional Resource Protection Guidelines for Uses in Historic Buildings."

Please consider the following:

- Broaden the definition of "historic buildings". Consider using the term "historic properties" which would allow the definition to include buildings, objects, sites or structures. This would provide a link back to Chapter 2 Cultural Resources.
- There are several different historic registers besides the National Register. There are also Oregon and Washington State Heritage Registers, Washington Barn Register and city and county historic registers. Please consider changing the phrasing of the sentence on page 369, number 5, as follows:

"5. For the purposes of the guidelines in this section, the term "historic **properties**" refers to buildings, **objects, sites or structures**, either on or eligible for the National Register of Historic Places, **and/or state and local heritage registers**. Eligibility for the National Register shall be determined pursuant to Cultural Resources Guideline 1 of "Additional Resource Protection Guidelines for Uses in Historic **Properties**."

- 2) There are numbering and lettering edits that need to be made throughout the document. I found a few as I was scanning the document as follows:

Page 106: doublecheck numbering after #2.

Page 177: doublecheck lettering after G

Page 178: doublecheck lettering A-G

Page 183: doublecheck numbering

Page 265: doublecheck lettering after J. K seems to be missing.

Page 360: double check numbering. Should be 6 A and B, not 6 B and C

Pages 362-363 double check numbering. It says 10, 7, 7, 8, 9, 10,11. Needs renumbering.
